After School Enrichment

Empowering Youth to
Fall in Love and Stay in Love

Justice Based, Enrichment Programming for Kindergarten through Eighth Grade

Nothing is more practical than finding God, than
falling in Love
in a quite absolute, final way.
What you are in love with,
what seizes your imagination, will affect everything.
It will decide
what will get you out of bed in the morning,
what you do with your evenings,
how you spend your weekends,
what you read, whom you know,
what breaks your heart,
and what amazes you with joy and gratitude.
Fall in Love, stay in love,
and it will decide everything.

PEDRO ARRUPE, SJ

WHAT?

Arrupe is more than after school child-care. Our mission is to empower youth to fall in love and stay in love through the creation of a space that welcomes curiosity, fosters a safe environment for expression, and inspires discovery.

HOW?

Structured programming in addition to the standard homework support and recreational activities. Among the class offerings will be art, media & technology; social & eco-justice; language; girls empowerment ... and more.

Ensured quality and impactful mentorship through partnership with community organizations and volunteer support from Catholic high school students.

Cultivated fellowship among peers and staff through community building tools, driving a culture of care and support for everyone's growth.

WHY?

Opening accessible spaces outside the classroom that offer unique opportunities for learning is in line with St. Ignatius School's commitment to developing the whole child in an equitable way.
